

Care Portal

Powered by SafeRide Health

One tab to book and track rides for your patients

Why Care Teams Use It

No call center waits

Book & manage rides yourself

Time back in your day

Quick booking with saved patient needs

Real-time visibility

See status & ETAs without chasing

Fewer surprises

Clear rules & eligibility, reduce errors & rework

One source of truth

Roster, ride history, reports in one place

What you can do in seconds

- ✓ Book one-way, round trip, or recurring rides
- ✓ Track rides from request to drop-off
- ✓ Edit or cancel without calling support
- ✓ Share updates with patients, families, your team
- ✓ Set needs related to escort, patient-provided equipment, pickup instructions

How it simplifies your day

- 1 Start a request from your facility roster
- 2 Portal applies health plan rules so rides meet coverage & policy
- 3 Confirm & go with instant confirmation
- 4 Track, close the loop with notes and reports

Built for busy workflows

Works in your browser, no install

Role-based access for your facility

Designed for quick, repeat use across many patients

Get Access. Open the Care Portal (saferidecareportal.com) to simplify transportation coordination for your patients. **Questions or need a login? (855) 955-7433**
