

Medical transportation with real transparency and rigorous compliance

Medical transportation deserves better than yesterday's playbook. SafeRide Health unifies technology, compliance, and a trusted network into an end-to-end platform that delivers reliable access, measurable outcomes, and program integrity you can stand behind.

Why SafeRide?

Built-in compliance controls

Fraud, waste, and abuse safeguards with configurable pre- and post-ride validations and investigations aligned to state and program needs.

Access without barriers

On-demand and pre-scheduled coverage across modalities. Matching algorithms ensure the right ride for the right member, reducing complaints.

Strength at scale

A national network of 5,000+ vetted transportation providers for redundancy and rural reach across all populations.

Real program visibility

Interactive dashboards with ride-level detail on utilization, cost, fulfillment, and outcomes so nothing is a black box.
